## **NPS International Day event to feature art, costumes and more**

"It's a Small World" is the theme of this year's International Day celebration April 25 at NPS.

The annual event sponsored by the International Committee and students will feature displays of art, crafts, native costumes and food samples from each of 20 participating countries.

It is an opportunity for NPS and Monterey Peninsula communities to get acquainted with cultures from around the world, according to Maria Fleming, public relations liaison for the event.

Afternoon exhibits from 20 countries will be displayed in the Root Hall arcade from 1200-1500 free to the public. The evening show will be at King Hall, beginning at 1900.

There will be no film festival this year, said Fleming -- who occasionally can be found manning her Canada's booth. "Instead, some booths will show videos of their country. The evening performance will consist of the usual songs, dances, demonstrations and shows from 15 countries with a flag finale representing all the allied nations attending NPS," she said.

Night performance admission is \$6 for adults and \$4 for children three to 12 and senior citizens age 65 and over. Tickets will be available by the student mail center in the basement of Herrmann Hall April 16 and 17 from 1100 to 1300.

If tickets are still available for the evening performance, they can be purchased at the International Booth during the daytime displays. All sales are final. For further information call the International Education office at ext. 2186.
